

10th international conference

Structure and Stability of Biomacromolecules

SSB 2017

September 4 - 7, 2017
Košice, Slovakia

“BIOMACRO” TOPICS OF INTEREST:

-
- Structural aspects
 - Aggregation
 - Factors influencing stability
 - Ligand binding and inhibition
 - Protein modifications and engineering
 - Bioinformatics, molecular and nanodesign
 - Activity
 - Application of biomacromolecules in medicine, bio- and nanotechnologies
